Coin Department

Gentlemen:

I am enclosing herewith copies of two California gold pieces and would very much appreciate it if you would advise me of the value of each.

One coin is round in shape and is dated 1856. The other is octagon shaped and is dated 1853. Each of the coins has an Indian head on the date side and thirteen stars. The opposite side of each has a wreath of leaves, the words California Gold and in the center a tiny star.

I am also enclosing herewith, stamped, self-addressed envelope and trust you will be able to give me the information requested.

Yours very truly,

(miss) *M. A. Relyea*
